HRIDHAN
Chem Private Limited

India's Trustworthy Cosmetic Colors Manufacturing Company

Trusted cosmetic colors manufacturer, exporter, and supplier of finest quality that are used in a comprehensive range of applications including cosmetic, home care products, personal care, etc.

Cosmetic Colors

Hridhan Chem is a leading cosmetic colors manufacturer, supplier, and exporter of a wide range of cosmetic colours and pigments that are widely used in the cosmetic industry. We manufacture extremely soft, finest quality, and top-rated cosmetic colors using organic or synthetic pigments, dyes, and lakes based on the client's unique requirements. Our chemical experts produce cosmetic colors under hygienic conditions to achieve high-quality and durability of color and pH value for a longer time. We combine both cosmetic dyes and cosmetic pigments to produce cosmetic colorants, adhering to the USA FDA international rules and regulations for producing cosmetic dyes. We have a highly capable and well-structured warehousing unit to store and manage a large amount of cosmetics colors without affecting the quality and pH value of the product.

Cosmetic Pigments

We are a leading manufacturer, exporter and supplier of cosmetic pigments used in an extensive range of facial makeup applications such as foundations, power, blushers, and more to make the

face more brighter and attractive with the help of titanium dioxide. Our cosmetic pigments are pretty opaque and resistant to solvents and provide a better and awesome look to your face.
